

Takashi Murakami: From Superflat to Bubblewrap

Things to do, Exhibitions [STPI Creative Workshop and Gallery](#), Raffles Place

Until Saturday September 14 2019

Time Out says

From printmaking traditions, textures of graffiti and neon signages to hypnotically seamless wallpapers and digital moving images, explore Takashi Murakami's dynamic artistic expression at this milestone solo exhibition. Focusing on the link between the 'Superflat' theory and iconography which launched his global career to a recent examination of the recessive realism of Japan's economic bubble crisis, coined 'Bubblewrap', be one of the first to marvel at his range of exciting and never-before-seen works.
