STPI Announces Leadership Update

Leading contemporary art space STPI Creative Workshop & Gallery announces the departure of Gallery Director, Rita Targui. After nearly a decade, she will step down on 5 May 2023 from her position to explore the next chapter in her career. The board and management express their deep appreciation for Rita's significant contributions in the Gallery's success and longstanding commitment to STPI during her tenure.

Ms. Emi Eu, Executive Director of STPI, commented:

"Rita has played a key role in STPI Gallery's achievements as an arts organization since joining in 2013, leading the gallery team across exhibitions, art fair presentations, fundraising events, as well as the creation and programming of STPI's patrons initiative. The last 10 years have certainly been a key chapter in STPI's journey, and we are grateful for the dedication and hard work of the gallery team, together with Rita. I am incredibly proud of what we have accomplished and the strong foundation we have built together."

Sharing her experience working with STPI, Ms. Rita Targui reflected:

"The last ten years with STPI have been nothing short of extraordinary. I've had the opportunity to work with some of the best talents in our industry, a top-notch team, and amazing advocates of the visual arts sector. I am profoundly grateful for the friendships built in my time here, and would like to thank STPI for the privilege and opportunity to grow with the organisation."

In the interim, Ms. Eu, who has helmed STPI for more than 20 years, will oversee the entire operations and events of STPI Gallery until further notice. Ms. Eu's visionary leadership has been instrumental in driving the organization's success over the last two decades and in the lead up to the gallery's 21st Anniversary celebrations this September.

STPI is committed to its mission of developing Singapore as a leading player in the contemporary art world through collaborations with top international artists across innovative projects in the artistic mediums of print and paper. The team remain focused on strategic growth, expanding audience appreciation for print and papermaking, and empowering creative exchanges between regional art communities and the global art world.
